

CALLING

ALL PARENTS!

**DO YOU HAVE A CHILD WITH
NEPHROTIC SYNDROME?**

Researchers have developed a survey tool to evaluate Nephrotic Syndrome-associated swelling. We're looking for eligible parents to bring their voice to understanding how survey responses change overtime.

Eligibility Criteria

- **Parent of Child 2-11 years old with: Minimal Change Disease, FSGS, IgM Nephropathy, Membranous Nephropathy, or Childhood Onset-NS not biopsied**
- **Child has current NS-associated swelling**
- **Parent at least 18 years old**
- **Can read and understand English**
- **Not currently receiving dialysis**
- **No history of transplant**

This study is sponsored by the U.S. Food and Drug Administration and has been approved by the University of Michigan IRBMED: HUM00250221.
